Klapperschlangen

Bei diesem Spiel geht es um Gemeinschaft, Orientierung und das gute Gehör.

Material

- two rattles
- two blindfolds

Procedure

The participants form a circle. There are two rattlesnakes in the circle (both are blindfolded and each has a rattle). One rattlesnake tries to catch the other. To locate it, it can rattle, whereupon the other must do likewise. If the first snake does not catch the second one after 5 rattles, they switch. To increase the tension, the participants forming the circle can help the pursued snake by deforming the circle.
