

Why bananas are weird

No. of players

Starting from 10 years.

Description

Everyone has a pencil and a sheet of paper on which they write a question starting with WHY... ?

The paper is folded once so that the question is on the back. The sheet is given to the neighbor on the right. He or she writes a sentence beginning with "BECAUSE ...". Fold the sheet again and give it to the neighbor on the right. The next person writes a question again and so on. Repeat until the sheet is full. At the end the questions are read out together with their answers.

In this game there are comic answers to questions such as: "Why is the banana crooked?"

Materials

paper and pencils
