Description
One player sits blindfolded in the center of the circle. The others sit quietly in their chairs. the "blind man" chooses a victim, sits in his arms and asks him to make a sound in order to identify him. The victim has to respond to the challenge, but it is important that she pretends to speak so as not to be recognized. If the blind man still recognizes the voice, the two switch roles. Otherwise, the blind man continues his journey until he recognizes one of the voices.
