Water circle

Age
From 5 years

No. of players
Between 5 and 40

Description
The players stand in a circle, each with the lip of an empty plastic cup between their teeth.The leader's cup is filled with water.This water must be poured from cup to cup in the circle, without hands being used (hands are permanently behind the back) and without water running on the floor. In larger circles, several full glasses can be used.

Variation: it can be played as a competition if you form several circles in which to carry water. Which of them manages to carry water to the last player first?
