Balloon hunting

Age participants: minimum 7 years

Number of players: 20+

Description:

The game will take place in a place where water filled balloons can be hung on a tree or some bars. Each team will have 15 balloons. The two small groups forming a team will play together. The colors of the two teams' balloons will be different. The player who will represent each team will have a leocoplastic pin glued to their forehead. Each player will also receive a bicycle to use as a horse. At the starting signal, the two players will get on their bikes and try to burst as many water balloons as possible with the help of the pawns attached to their foreheads. One point is awarded for each water balloon broken. If a player falls off the bike, his team will be disqualified with one point. Game time is two or three minutes (depending on how the game turns out on the field)

Materials needed: 210 water-filled balloons, two bicycles, pawns, leocoplast, stopwatch, pen, score table
