## Working in four workshops

Teenies can participate in a self-chosen interest group for a certain period of time. They work actively and propose project topics themselves, e.g. foreign cooking

## The topics suggested here are:

- "Foreign Cooking"
- "Using the computer to create a newspaper"
- "Making games out of wood"
- "Making a short video"

## Duration / period / effort:

The time frame depends on the projects. In this case it is about $6 \times 3$ hours and one common part per occasion for devotions. (E.g. learning about different biblical characters. It should be men and women so that both genders can identify with characters.)

## Suitable for:

Max 8 per group

## Materials needed:

- Foreign cooking:
- Large kitchen, recipes, decorating materials (other groups will be invited on a rotating basis)

Newspaper with computer:

- Computer with user-friendly program
- Photographic camera
- Unique concept of a newspaper
- Time for overtime (possibly with teens)

Games made of wood:

- Workshop
- Experience with woodworking machines
- Examples or plans, books with games

## YoungstarsWiki.org

Making a video:

- Video camera
- Video equipment and TV
- Good story, short mystery, solve-it-yourself mystery

## Auxiliaries:

Books by Wolfgang Ecke (short detective stories to solve yourself)

## Cost:

- Wood for games
- Food
- Video cassette

## Important notes:

Workshops are a hit for teens because for once they get to do what they choose and like to do themselves.
