Tent inventory

Many leaders find it difficult to pack away their tents. Here are a few tips for packing away and inventory lists for the most common group tents.

General instructions

- Do not mix tents when erecting and dismantling (it is best to mark the poles with colored insulating tape!)
- Always keep the tents clean and dry (mold). If necessary, allow to dry as quickly as possible.
- Separate awning poles and tent poles (mark awning twice, tent poles individually)
- Fold all tents together in the same way
- Place the tent bags under the outer tent after pitching
