Angel decoration to hang up

From a coffee capsule (for example Nespresso) can easily be made an angel for example as a Christmas tree ornament.

Material

- used coffee capsule (for example Nespresso)
- eels
- thread/thread
- small wooden balls
- feathers
- pencil
- glue

Instruction

1. Pierce with the eel from above through the used coffee capsule (for example Nespresso). Make sure that no all coffee grounds are washed out.
2. With a thread or yarn a wooden ball (can be bought in craft stores) on top of the Nespressokapsel with knots fasten, so that there is a loop of it above and the two ends of the thread or yarn below at the coffee capsule hang out a bit far. Attach two small balls each with knots there. A face can be painted on the larger ball above the coffee capsule.
3. Two feathers as angel wings stick to the coffee capsule.
