Mark sheets

Marking banners is an important and necessary tool. This makes it clear who owns the sheets and for what purpose they are to be used.

Material

To mark the banners, it needs if possible waterproof acrylic paint, brushes and a base, for example, plastic or old newspapers. Stencils can also be prepared with cardboard, if a particular word or character is to be painted on the banners.

Process

Sort the sheets as desired. For example, put all the bad bubbles with holes etc on one side. Then mark them with the paint on the outside or inside of the blach. Use a pad so that the bottom is not painted.

Let paint dry on the canvas. Wash out brush.
