Rules:

The children are divided into 2 teams. Each team gets a bag with all the items. You must set a clear boundary as to which team will hide their items where so that they can't be seen. Both teams have between 15 and 20 minutes to hide all their items. On list 1 the children should record for themselves where they have hidden all the objects. On list 2 the children should write down clues they can put in different places that may lead you to where the object is hidden. Once all the objects have been hidden and all the clues have been placed the teams swap the boxes and start looking for the clues that will lead them to the objects. The winner is the one who finds the most objects.
