Colourful snow sculptures

Colored snow sculptures isn't that even something special?

Introduction

Yay, it snowed!!! You can make beautiful sculptures with the snow

I bet you haven't seen anything like this before - our snow sculptures have colorful ‚dresses' on. You definitely have to try it out!

It's really easy

Steps

1. For each color, fill one spray bottle with water. The spray bottles you use to spray the plants
2. Dye the water in the first bottle with mixed red watercolor
3. Dye the water of the next bottle with mixed blue watercolor
4. etc. until you have all the colors you want
5. Now just spray the snow sculptures, snow hearts and other snow shapes with the spray bottles
