Games

VOLLTREFFER

- ***Preparation**:* A bucket is positioned about 2 - 3m away on a spread-out blanket.
- The children must now try to hit the bucket with sweets from this distance (the distance should be chosen so that it is not too easy).
- Whoever succeeds is allowed to collect all the sweets that have missed the bucket from the ceiling. Direct hit!

SWEET ANGELS

- ***Preparation:*** Attach paper clips to the sweets and a magnet to each of the hinges.
- The sweets are placed in a container.
- Each child now has 3 attempts to fish the sweets out of the container.
- This game can also be played blindfolded.

SWEET TOOTH

- ***Preparation:*** A bowl of sweets is placed about 10 meters away.
- Each child must now use a spoon to get as many sweets as possible within 1 minute.
- Any sweets that fall on the way must be left behind.
- The winner is the child with the most sweets.

CONFETTI ALARM!

- ***Preparation:*** The balloons are filled with plenty of confetti before being inflated.
- Each child receives a balloon, which they must blow up until it bursts. However, the balloons can also be popped in any number of other ways, depending on the age of the children.
- If all the balloons burst at about the same time, there is a fantastic rain of colorful confetti.

FADEN-FIASKO

- In this game, each child receives a small gift or prize at the end.
- ***Preparation:*** The gifts/prizes are each knotted onto a woolen thread and then hidden all over the room. The different threads should be criss-crossed around the room.
- Each child now chooses the beginning of a string and has to roll up the thread on a pencil or toilet roll.
- At the end of the string, each child then receives their gift/prize.
