Game to improve communication skills / learning Bible verses

The children will be divided into two teams.

Each team designates 2 members. Of these, one will be blindfolded and the other will guide. At a distance of about 2-3 m will be placed different obstacles and two balloons (of different colors) containing the words of a Bible verse. The child, blindfolded and guided by the partner, will have to cover the distance, find the team's balloon and bring it back. The team will break it, reconstruct the Bible verse word by word and stick it on a piece of paper. The team that finishes first wins.

Extended, the activity can be organized to serve as a review game for a series of verses.
