Security Plan

Be well prepared for emergencies in the youth group. Unfortunately, even we are not immune to accidents, illnesses, or tick bites. This document is intended to help you prepare for these scenarios.

Goal and Purpose

The safety plan helps identify hazards and properly plan the necessary measures in advance. Furthermore, the safety plan already includes an emergency response plan that helps us handle emergency situations calmly.

File Information

These files can serve as a template for your own safety plan for your youth group. The words highlighted in yellow can be replaced with terms specific to your youth group.
