The Frozen Spoon

Materials needed: [one frozen spoon (placed in the freezer the night before), tied to a long piece of string or twine, depending on the number of participants (allow 1 m per person)] x number of teams

Participants are divided into 2 teams (between 4 and 12 members). Team members line up shoulder to shoulder in 2 parallel lines. The spoons with the ribbon or string wrapped around them are handed out to the teams. At the start, the task is to pass the “frozen” spoon under the clothes (shirt and pants) of all participants and back, then hand off the spoon with the ribbon or string wrapped around it exactly as they received it. All in record time. The team that finishes first wins.

An excellent icebreaker game.
