Dwarf Hunt

In this fun game of hide-and-seek, the goal is to avoid being found, because there's no way to escape once you're caught. Find the perfect hiding spot!

Materials

- Stopwatch

Preparation

- A large area with plenty of places to hide is needed.

Procedure

- Half of the players stay in the middle and close their eyes.
- The others hide within a 50-meter radius. They play the role of the dwarves, who can no longer move because they've been enchanted.
- At a signal, the players who stayed behind try to gather up the dwarves.
- The dwarves who are found must be carried back to the starting point.
- As soon as all the dwarves are lined up on the field in order of height, the spell is broken and the timer is stopped.
- Afterward, the teams switch roles.
- The team with the shorter time wins.
