### **Piip Spiel**

Ein kurzes beruhigendes Spiel.

#### Game data

- Age: from 7 years
- Number: 6 +
- Terrain: outdoors (meadow/field) or indoors
- Leader: 1
- Duration: 5 min +

#### Material

If possible, something to cover the children's eyes (cloth, scarf, ...) so that they can't see anything! Even if it is possible to play outside, a clear boundary of the playing field is necessary (e.g. barrier tape).

#### Preparation

No preparation is necessary for this game.

#### Game procedure

\* Everyone is blindfolded.

\* The game leader pats someone on the back. This person is -Piip- during the game.

\* Now everyone walks around. No talking is allowed and it should be very quiet. When two people touch each other, they say "piip". Only -Piip- remains silent. So if -Piip- comes across someone, says "piip" and receives no response, he shakes hands with -Piip- and from then on also remains silent.

#### End of the game

The game ends as soon as everyone shakes hands. If the players have not listened carefully, there may be several "human chains".
