# Ich sehe was, das du nicht siehst!

Spiel als Zeitvertrieb für unterwegs.

#### Material No material required.

## Gameplay

One participant memorizes an object and describes it with an adjective (usually colors)

 $\|$ 

He starts by saying, "I see something you don't see, and it's ..." (e.g. "red")

||

The other participants try to guess what is being looked for.

||

If someone guesses it, he gets to think of the next object.
